

CORAL REEF CONSERVATION

Promoting Awareness
Through Effective Communication

A panel of experts will present the state of coral reefs in Japan and in the world, discuss existing methods of communication for coral reef conservation and explore the potential for new approaches.

15th May 2018 13:00-16:00

University of Tsukuba, Tokyo Campus
3-29-1 Otsuka, Bunkyo-ku, 112-0012 Tokyo
