

To whom it may concern:

Hiroshi Matsumoto
Dean, Faculty of Life and Environmental Sciences
University of Tsukuba

The Faculty of Life and Environmental Sciences, University of Tsukuba is pleased to announce the recruitment for an associate professor or assistant professor in charge of the Certificate Programme on Nature Conservation (CPNC). The CPNC aims to produce persons who become active in international organizations or domestic agencies of nature conservation with interdisciplinary knowledge of nature and culture, and practical international experiences. In CPNC, University of Tsukuba confers the Certificate on Nature Conservation to students who completed this programme in addition to their Master's or Doctoral Diploma. The conservation biology and the conservation of biodiversity are important academic areas in nature conservation. The CPNC is looking for candidates who will actively conduct attractive education and research in the conservation biology and the conservation of biodiversity.
