For those who plan to take only fully online courses overseas

If you wish to come to Japan after admission, please obtain an appropriate status of residence before coming to Japan.

3. How to Choose a Course

The [“Course List \(for graduate programs\)”](#) (hereinafter referred to as the “Course List”) showing the course name that can be applied, term, meeting days, period, etc., application conditions, selection methods, etc. is expected to be released on the website of the university. Please check the latest information on the course you wish to take before applying.

For specific explanations of the term, meeting days, period, etc., please refer to [“Important Notes for Course Registration”](#) on the website.

If there are any inquiries about the available courses, please consult the academic service office (refer to p. 19 [“14. Offices”](#) in these Guidelines) that each program is assigned.

Important notes

- a. Courses listed on the [“Course List”](#)

Content of the available courses on the Course List may be changed without advanced notice, make sure all applicants check the latest version of the Course List before submitting the application materials.

In addition to this, the term, method etc. may also be changed in the middle of the academic year depending on the situation of infectious diseases.

b. Application conditions

Some courses have application conditions, which are described in the “Application conditions” column and “Remarks” column of the [“Course List”](#). If you do not meet the application conditions, you will not be able to apply for the course.

e.g.: “Already taken XXXX course”

c. Course offering methods

Course offering methods (e.g., face-to-face, online, etc.) are usually mentioned in the “Fully online courses” column and “Remarks” column of the [“Course List”](#), make sure all applicants check them in advance. To take an online course, an appropriate device such as laptops, smartphones, etc. and network environment that allows you to watch online courses are needed. Details will be notified after the selection process. Credited auditors still can utilize campus facilities approved to use for taking online courses, however, the University of Tsukuba does not lend any mobile devices (e.g., laptop, wi-fi router, etc.).

d. Courses for which the term, meeting days, period, etc., and date of implementation have not yet been decided

Courses for which the term, meeting days, period, etc. have not yet been decided, as well as intensive courses for which the date of implementation has not yet been decided, are also listed in the [“Course List”](#). The date of implementation of these courses will be decided after the application or admission procedures, but if the credited auditor is unable to take the course due to his/her own circumstances after the decision has been made, the course for which the applicant has applied for will not be changed, and the application fee, admission fee, tuition, etc. paid will not be refunded. The confirmed schedule to those courses and/or changes in schedule and classroom of courses will be disseminated in TWINS (Web bulletin board), KdB (Curriculum Scheduling Support System), etc. so do your own checking and try not to miss them.

In addition, if the class schedule or classroom is unavoidably changed, we will inform you as well, so please be careful not to overlook any information. User PW and ID for using those system will be provided after admission.

e. Schedule overlapping with other courses

Applicants still can apply for overlapping courses, however, they cannot register for those courses at the same time and need to decline either of those courses during the admission procedures. Furthermore, credited auditors cannot take overlapping courses even if those courses are provided on-demand. (Except for NT² courses)

² For NT courses, please refer to “(5) Key to the Course Catalogue” of [“Important](#)

A request to change the courses you are taking or withdraw from the courses you are taking after the admission procedures will not result in a refund of the paid admission fee, tuition, etc., so please be sure to check that there is no overlap in the meeting days, period, etc. for the courses you are taking at the time of admission procedures.

f. Classroom language

In the [“Course List”](#), if it reads as “Lecture conducted in English,” etc. in the “Remarks” column, it means that the course will be taught in English. Courses without any specific indication are usually conducted in Japanese.
