

V. On-campus facilities and points of contact

1. Educational devices, classroom facilities, etc.

A projector, a screen, video equipment, an overhead projector, and other devices are in a lecture room. You can confirm which devices are installed in a certain classroom by referring to the University of Tsukuba Campus Map (<https://www.tsukuba.ac.jp/en/about/campus-access/tsukuba-campus/>), but you are recommended to actually visit the classroom to confirm which devices are available before the first day of the course.

You can borrow wireless microphones, cables (cables to connect a projector to a computer), extension cords, laser pointers, chalk, disinfectants for infection prevention, etc., at the Academic Service Office that manages classrooms.

2. Points of contact for inquiries and consultation

For inquiries and consultation regarding TA registration procedures or TAs' duties, contact the Graduate Academic Affairs section at the Academic Service Office of the educational organization to which you belong. Table B shows the location and contact information of each Academic Service Office.

3. University resource information

As for information about education, courses, or student life at the University of Tsukuba, various university-wide facilities and information and consultation offices are available for specific purposes. Table C shows the location and contact information of each such office.
